The board of directors' proposal regarding a long-term incentive program in the form of a share matching program (LTIP 2023) (item 20)

The board of directors proposes that the annual general meeting resolves to adopt a long-term incentive program in the form of a share matching program for key employees within the Medivir group in accordance with item 20(a) below. The resolution in accordance with item 20(a) shall be conditional upon i) the annual general meeting resolving to adopt the hedging arrangements with respect to the incentive program in accordance with the board of directors' proposal under item 20(b) below and ii) the annual general meeting resolving to adopt new articles of association in accordance with the board of directors' proposal under item 18. All references to shares of series B in the proposal below shall be read as references to ordinary shares if the annual general meeting resolves to adopt new articles of association in accordance with item 18.

Adoption of the incentive program (item 20(a))

Summary of the program

The board of directors proposes that the annual general meeting resolves to adopt a long-term incentive program in the form of a share matching program (the "**LTIP 2023**"). LTIP 2023 is proposed to include not more than 11 key employees within the Medivir group. The participants in LTIP 2023 are required to invest in the group by acquiring shares in Medivir AB (publ) with the purpose of being allocated to LTIP 2023 ("**Investment Shares**"). For each Investment Share, the participant has the right to, provided certain conditions are fulfilled, receive one (1) share of series B under LTIP 2023 free of charge ("**Matching Shares**") and, provided certain performance conditions are fulfilled, a maximum of five (5) additional shares of series B free of charge ("**Performance Shares**") in accordance with the terms set out below.

Personal investment

In order to participate in LTIP 2023, the participant must have made a private investment by acquiring Investment Shares. The Investment Shares shall have been acquired at market price with the purpose of being allocated to LTIP 2023. The maximum number of Investment Shares that each participant can allocate to LTIP 2023 is further described below and corresponds to an amount of approximately 5–10 per cent of each participant’s annual base salary. For each Investment Share held under LTIP 2023, the company will grant participants one (1) right to one (1) Matching Share, meaning the right to receive one Matching Share free of charge (“**Matching Rights**”) and in addition, provided that certain performance conditions are fulfilled, a maximum of five (5) additional rights to five (5) Performance Shares free of charge (“**Performance Rights**”) in accordance with the terms set out below (Matching Rights and Performance Rights are together referred to as “**Rights**”).

Terms and conditions

The Matching Rights may be exercised provided that the participant, with certain exceptions, as of the start of LTIP 2023 for the participant and up until and including the date of release of the interim report for the period January – March 2026 (the “**Vesting Period**”) has kept its own original Investment Shares and that the participant, with certain exceptions, maintains its employment within the Medivir group. LTIP 2023 shall start as soon as practicable after the annual general meeting 2023. The last day for allotment of the Rights shall be 31 December 2023. Newly employed key employees in Medivir may be invited to participate in LTIP 2023 up until 31 December 2023, and shall then make their first investment in Investment Shares within the first two weeks after the first day of employment. The Matching Shares are received after the end of the Vesting Period.

The Performance Rights may be exercised provided that, in addition to the requirement for the participant’s maintained employment and a retained Investment Share investment in accordance with the above, certain performance conditions are fulfilled. A participant’s Performance Rights entitle to a maximum number of Performance Shares of five (5) per Investment Share if the total shareholder return (shareholder return in the form of an increase of the price of the company’s share and reinvestment of potential dividends during the term of LTIP 2023) (“**TSR**”)¹ on Medivir’s share during the period from March 2023 to March 2026 (the “**Performance Period**”) amounts to or exceeds 100 per cent (corresponding to approximately 33.33 per cent per year). For allotment under the performance conditions, the TSR on the company’s shares of series B must amount to or exceed 50 per cent (corresponding to approximately 16.67 per cent per year) during the Performance Period, which would entitle the participant to one (1) Performance Share per Investment Share. In between the percentages, allotment will be made linearly. Performance Shares are received after the end of the Vesting Period.

The Rights

The Rights shall, in addition to what is set out above, be governed by the following terms and conditions:

- The Rights are granted free of charge as soon as practicable after the start of LTIP 2023 provided that the participant has made a private investment by acquiring Investment Shares. The last day for allotment of the Rights shall be 31 December 2023. Rights that fall due

¹ TSR is calculated by comparing the weighted average price of the shares during March 2023 with the weighted average price of the shares during March 2026, including reinvested dividend.

according to the terms must be returned and can be granted again up until 31 December 2023.

- The Matching Rights and the Performance Rights vest during the Vesting Period. The performance conditions of the Performance Rights are assessed during the Performance Period.
- The Rights may not be transferred or pledged.
- Each Matching Right entitles the participant to receive one (1) Matching Share free of charge after the end of the Vesting Period (with certain exceptions where the timing of the receipt may be accelerated) if the participant, with certain exceptions, maintains its employment within the Medivir group and the invested Investment Shares until the time of the release of the interim report for the period January – March 2026. Each Performance Right entitles the participant to receive one (1) Matching Share free of charge after the end of the Vesting Period (with certain exceptions where the Vesting Period may be accelerated) if the performance conditions set out above are fulfilled and provided that the participant maintains its employment within the Medivir group and the invested Investment Shares during the Vesting Period.
- In order to align the participants' and the shareholders' interests, the company will compensate the participants for any dividends paid by increasing the number of Matching Shares and Performance Shares that the Rights entitle to at the end of the Vesting Period.
- The maximum value per Matching Right and Performance Right, respectively, is limited to SEK 80 (corresponding to ten (10) times the closing price of the company's shares of series B on 22 March 2022). In the event that the value of such Right exceeds such limit, the number of Matching Shares and Performance Shares will be decreased on a pro rata basis.

Preparation and administration

The board of directors shall be responsible for preparing the detailed terms and conditions of LTIP 2023, in accordance with the above terms and conditions, including provisions on recalculation in the event of a bonus issue, split, rights issue and/or other similar events.

In connection with the preparation of the detailed terms and conditions of LTIP 2023, the board of directors shall also be entitled to make adjustments to meet foreign regulations or market conditions. In addition, the board of directors is granted the right to terminate or adjust the program in case of a takeover bid or a similar event. The board of directors shall also have the right to make other adjustments if significant changes in the Medivir group or its environment would result in a situation where the adopted terms and conditions of LTIP 2023 no longer serve their purpose.

Allocation.

The participants are divided into different categories and, in accordance with the above, the following number of Investment Shares may be allocated by the participants to LTIP 2023 and the following number of Rights may be allocated to the participants in the different categories:

Category	Maximum number of Investment Shares per person in the category	Maximum number of Rights per person in the category		Maximum number of Rights	
		Matching Rights	Performance Rights	Matching Rights	Performance Rights
A. CEO (not more than 1 person)	28,500	28,500	142,500	28,500	142,500
B. Other members of executive management (not more than 4 persons)	17,000	17,000	85,000	68,000	340,000
C. Other employees (not more than 6 persons)	6,500	6,500	32,500	39,000	195,000

In total, not more than 813,000 Rights may be allotted under LTIP 2023. Participants in category A and B may acquire Investment Shares to an amount corresponding to approximately 10 per cent of the participant's annual base salary. Participants in category C may acquire Investment Shares to an amount corresponding to approximately 5–10 per cent of the participant's annual base salary.

In case not all participants invest their full part of Investment Shares by the end of the notification period, the other participants are entitled to invest in additional a maximum of 50 per cent Investment Shares in accordance with the instructions of the board of directors, which shall entitle to the corresponding Rights. There will be no guaranteed allocation in connection with an investment in additional Investment Shares. In case of over notification by the above persons covered by the allotment principles, the allotment shall be made as follows. First, allocation shall be made pro rata in relation to the number of additional invested Investment Shares. Secondly, allocation shall be made through the drawing of lots executed by the board of directors.

Delivery of shares under LTIP 2023

To ensure delivery of shares under LTIP 2023, the board of directors proposes that the annual general meeting resolves to authorize the board of directors to resolve on issue of shares of series C and on repurchase of shares of series C and resolves on transfer of own shares of series B in accordance with item (b) below.

Scope and costs of LTIP 2023

LTIP 2023 will be accounted for in accordance with IFRS 2 which stipulates that the Rights should be recorded as non-cash personnel expenses during the period of LTIP 2023. The costs for LTIP 2023 is estimated to amount to approximately SEK 2.3 million, excluding social security costs, calculated in accordance with IFRS 2 based on the following assumptions: (i) that 135,000 Matching Rights and 677,500 Performance Shares are allotted, (ii) that the price of the company's share immediately before the start of LTIP 2023 amounts to SEK 8.00 per share (closing price on 22 March 2023), (iii) an estimated annual turnover of personnel of 10 per cent and (iv) that the TSR during the Performance Period amounts to 75 per cent.

The costs for social security charges are estimated to approximately SEK 1.7 million, based on the above assumptions and a social security tax rate of 31.42 per cent. Together with the IFRS 2 cost, this will result in estimated costs of SEK 4.0 million. In addition to what is set forth above, the costs for LTIP 2023 have been based on that LTIP 2023 comprises not more than 11 participants and that each participant exercises its maximum investment.

Effects on key ratios and dilution

Upon maximum allotment of 135,500 Matching Shares, 677,500 Performance Shares and provided that the hedging arrangements in accordance with item 20(b) below are adopted by the annual general meeting, 835,000 shares of series B will be allotted to participants under LTIP 2023, including a buffer of 22,000 shares of series B for dividend compensations, meaning a dilution of approximately 1.50 per cent of the number of shares and votes in the company. In addition, LTIP 2023 comprises allotment of 135,500 Investment Shares to the participants at the volume weighted average share price during the five trading days immediately prior to the offer to each participant to acquire the Investment Shares, meaning a dilution of approximately 0.24 per cent of the number of shares and votes in the company. This is conditional upon the annual general meeting resolving to adopt the proposed hedging arrangements in accordance with item 20(b) below.

Taking into account shares that may be issued in accordance with previously implemented incentive programs in the form of warrant programs in the company and in accordance with the share matching program proposed to the annual general meeting with respect to the maximum number of Matching Shares and Performance Shares, the maximal dilution effect is approximately 4.35 per cent.

The costs are expected to have a limited effect on the company's key ratios.

The rationale for the proposal

The rationale for LTIP 2023 is to create conditions for motivating and retaining competent employees of the Medivir group as well as for the alignment of the targets of the participants with those of the company, as well as to increase the motivation of meeting and exceeding the company's financial targets. LTIP 2023 has been designed based on the view that it is desirable that key employees within the Medivir group are shareholders in the company. Participation in LTIP 2023 requires a personal investment in Investment Shares.

By offering an allotment of Rights which, inter alia, are based on performance conditions, the participants are rewarded for increased shareholder value. Further, LTIP 2023 rewards employees' continued loyalty and thereby the long-term value growth in the company. Against this background, the board of directors is of the opinion that the adoption of LTIP 2023 will have a positive effect on the Medivir group's future development and thus be beneficial for both the company and its shareholders.

Preparation of the matter

The principles of LTIP 2023 have been prepared by the board of directors of the company. The board of directors has thereafter resolved to submit this proposal to the annual general meeting. Except for the officials who prepared the matter pursuant to instructions from the board of directors, no employee that may be included in the program has taken part in the drafting thereof.

Other share related incentive programs etc.

Except from the current proposal to adopt a share matching program and the previous warrant programs resolved upon at the annual general meetings 2020, 2021 and 2022, the company has no outstanding share related incentive programs. It is the board of directors's intention that the program shall recur annually, albeit in varying sizes.

Proposal regarding authorization for the board of directors to resolve on a directed share issue of shares of series C and to repurchase issued shares of series C as well as resolution on transfer of own shares of series B to participants in LTIP 2023 and in the market (item 20 (b))

The resolutions under items 20 (b)(i) - (iii) are proposed to be conditional upon i) that the annual general meeting resolves in accordance with the board of directors' proposal in accordance with item 18 regarding the adoption of new articles of association, and ii) upon each other. It is therefore proposed that the resolutions under items 20 (b)(i) - (iii) are adopted jointly.

Authorization for the board of directors to resolve on issue of shares of series C (item 20 (b)(i))

The board of directors proposes that the annual general meeting resolves to authorize the board of directors, during the period until the next annual general meeting, at one or several occasions, to increase the company's share capital by not more than SEK 485,250 by the issue of not more than 970,500 shares of series C, each with a quota value of SEK 0.50. With deviation from the shareholders' pre-emptive rights, a participating third party shall be entitled to subscribe for the new shares of series C at a subscription price corresponding to the quota value of the shares. The purpose of the authorization and the reason for the deviation from the shareholders' pre-emptive rights in connection with the issue of shares is to enable for participants in LTIP 2023 to acquire Investment Shares, ensure delivery of shares under LTIP 2023 as well as to cover any social costs and dividend compensations due to LTIP 2023.

Authorization for the board of directors to resolve to repurchase own shares of series C (item 20 (b)(ii))

The board of directors proposes that the annual general meeting resolves to authorize the board of directors, during the period until the next annual general meeting, at one or several occasions, to repurchase shares of series C. The repurchase may only be effected through a public offer directed to all holders of shares of series C and shall comprise all outstanding shares of series C. The purchase may be effected at a purchase price corresponding to the quota value of the share. Payment for the shares of series C shall be made in cash. The purpose of the proposed repurchase authorization is to enable for participants in LTIP 2023 to acquire Investment Shares, ensure delivery of shares under LTIP 2023 as well as to cover any social costs due to LTIP 2023.

Resolution on the transfer of own shares of series B (item 20 (b)(iii))

The board of directors proposes that the annual general meeting resolves that 835,000 shares of series C that the company purchases by virtue of the authorization to repurchase shares of series C in accordance with item 20 (b)(ii) above, following reclassification into shares of series B, may be transferred free of charge to participants in LTIP 2023 in accordance with resolved conditions and transferred to cover any social costs due to LTIP 2023.

The board of directors thus proposes that the annual general meeting resolves that a maximum of 981,913 shares of series B held by the company, including such shares of series B that the company holds after previously completed repurchases, may be transferred to participants in accordance with the terms of LTIP 2023, and that it may be transferred on Nasdaq Stockholm, including through a financial

intermediary, at a price within the price range registered at the time, to cover any social security contributions in accordance with the terms of LTIP 2023. The number of shares that can be transferred is subject to recalculation as a result of an in-between bonus issue, share split, share split, rights issue and/or similar events.

The board of directors proposes that the annual general meeting resolves that 135,000 of the shares of series C that the company purchases by virtue of the authorization to repurchase shares of series C in accordance with item 20 (b)(ii) above, following reclassification into shares of series B, may be transferred to employees in Medivir to enable for acquisitions of Investment Shares for participation in LTIP 2023. The board of directors therefore proposes that a maximum of 135,500 shares of series B may be transferred to employees of Medivir. The transfer price shall amount to the volume weighted average share price during the five trading days immediately prior to the date of the offer to each participant to acquire Investment Shares.
